

GED . . . Look At Me Now!

*Tim and Danielle Meyers, Braham
GED graduates May and July 2011*

"We have four girls. We wanted them to see that we could finish our high school diplomas, and we needed better jobs to support our family."

"There was a teacher right at the Cambridge campus of Anoka Ramsey. We studied with her before we took the GED test. It really felt great to have it done and now there are tons of exciting career options!"

"Our advice? Take one of the classes until you feel comfortable, then just do it!"

A GED diploma is your stepping-stone toward college, a better career, and family-sustaining wages. After December 2013 the new test will be more difficult, more costly, and computer-based. There's even more good reason to do it now!
