	Academic, Career, and Employability Skills	Effective Communication: 1, 2 Learning Strategies: 3 Academic Language: 1 Critical Thinking: 1, 2, 3 Self Management: 3	
	Northstar Digital Literacy Skills	None if done as printed worksheet.	
Resources Used	Stand Out 5 Unit 2, Oxford Learner's Dictionary Online (used to create vocabulary list)		
Activity Description	Worksheet for students to practice using context clues to determine which word fits into each sentence. Students should also use their vocabulary list to help them.		
Evidence of Student Understanding	Many students were able to find the correct word on their own (with the vocabulary list) or with the help of a partner. I was able to help guide some students as they were working as I went around the room.		
Implementation Notes (What worked well, what should be changed)	This is a lot of words and quite time consuming. It might be helpful to break this into a few shorter activities to be done over multiple days.
