

Reflection/discussion/sharing question samples

1. Choose a CASAS competency from your class profiles that more than one student missed on a pre or post test. Create a small group or whole group activity that addresses at least 2 different levels in your class.
2. Consider what may be 2 advantages of teaching a multi-level class from your perspective.
3. Consider what may be 2 advantages of a multi-level class from the learners' perspective.
4. What are 2 or 3 CASAS competencies from your class profiles that several of your students need to learn or relearn?
5. Comment on the activity you shared or one that you tried. What was the activity? What competency did it address? How effective was it? What would you change to make it more effective?
6. What have you done in your classroom to encourage students to partner with everyone in the class, not just students speaking the same first language?
7. How did participating in the learning circle help you professionally?
