THICK, BIG
TAKE THE GED TEST.
The GED® Test battery comprises five content area tests:
- Language Arts, Reading
- Language Arts, Writing
- Mathematics
- Science
- Social Studies

Want to study without attending classes? Study on your own time? Work at your own pace? Do you have convenient and reliable access to a computer and email? Then this option is for you.

Prepare for admission to and success in college:
- Gain study skills
- Work on college-level reading, writing and math skills
- Prepare for the Accuplacer test

Improve skills for job training and employment. Options include preparation for the following fields:
- Medical Information
- Child Development
- Emergency Medical Services (EMS)
- And more!

If you did not finish high school, the GED test will allow you to get a high school equivalency degree. Take advantage of our study options to prepare for the test. But don’t stop there, think BIG. Go beyond the GED test by enrolling in college or occupational preparation. Do it now.
