Remember: Pre- and post-test must be in the same series

A level gain can only be achieved with a pre and post test in the same series.

Example: A student has a CASAS Life and Work score. In order to get a level gain, they must:

- Take a post-test in Life and Work, and/or
- Take a NEW pre-test in STEPS, and then, after 40+ hours of instruction, take a post-test in STEPS.

How will you change tests?

Potential Models

1. Hard Stop-Start
2. Pilot
3. Rolling

Hard Stop-Start Model

```
graph LR; A[All students pre- and post-testing with CASAS Life and Work (until May)] --> B[All eligible students take final post-test with CASAS Life and Work (June)]; B --> C[All students start pre- & post-testing with CASAS STEPS (July-beyond)];
```

All students pre- and post-testing with CASAS Life and Work (until May)

All eligible students take final post-test with CASAS Life and Work (June)

All students start pre- & post-testing with CASAS STEPS (July-beyond)

Analyzing the Hard Stop-Start Model

Benefits

- Easy to communicate with staff

Challenges

- If students miss the final post-test period or don't make a gain during the post-test month, the program may miss out on a measurable skill gain
- All local staff need to immediately transition before figuring out the complications with the new test (may cause staff confusion)

Pilot Model

Designated
class/group takes
CASAS STEPS
pre-test
(January)

Designated class/group
takes CASAS STEPS
post-test when they
reach 40 hours
(Spring)

All other students
taking CASAS Life
and Work
(until Summer)

All other students
take CASAS STEPS
pre- and post
tests
(starting Summer)

Analyzing the Pilot Model

Benefits

- Pilot staff get to try the new test with a small group of students to work out any issues before all students transition
- Pilot staff may be able to train other staff

Challenges

- Staff need to keep track of which students are on which tests
- Not all staff might get to practice or try the new test before it launches for everyone

Rolling Transition Model

All current students
taking CASAS Life
and Work
(through
December)

As current students
earn a gain, they
transfer to CASAS STEPS
with a new pre-test
(January-June)

All students transferred
over to CASAS STEPS
(by July)

New Students

All new students take
CASAS STEPS pre-test
(Starting January)

All new students take
CASAS STEPS post-test
once they have 40+
hours
(after January)

Analyzing the Rolling Transition Model

Benefits

- Potential smoothest transition from the individual student's perspective
- All students may be more likely to get a measurable skill gain

Challenges

- Keeping track of which students are on which tests

Caps on Administrative Expenses

There is a 5% cap on how much ABE funding can be spent on administrative expenses. This applies to:

- FIN 322 - State ABE funds
- FIN 438 - Federal ABE funds
- FIN 801 - IELCE funds

IMPORTANT NOTE: 5% cap on state and federal funds applies to the entire consortium (downstream providers may not take additional admin funds above the caps)

UFARS Object (OBJ) codes 110 and 120

Allowable admin expenses should use UFARS object code 110

- Use OBJ 110 for salary of administrator who doesn't directly oversee ABE
- Use OBJ 120 for salary of ABE manager

If more than 5% of the award amount is coded to UFARS OBJ 110, this will be flagged in reconciliation, and may result in a reduced final payment.

Workforce Innovation and Opportunity Act (WIOA) Plans

State WIOA Plan

What: The plan details how WIOA programs will operate and use federal funding and matched state funding, including the Minnesota Adult Education system. The plan has common sections and program-specific sections.

Where: There are two places where you can find the Minnesota WIOA plan:

- Federal WIOA Plan Portal (<https://wioaplans.ed.gov/>)
- DEED WIOA Site (<https://mn.gov/deed/about/what-we-do/objectives-plans/wioa.jsp>)

When: States are required to complete a new plan every 4 years and revise it every two years. The next plan is for 2024-2028.

State WIOA Plan Timeline

- December 8: Due date for first drafts of each of the state plan sections
- By the end of December 2023: State Plan submitted to GWDB Executive Committee and GWDB State Plan special committee
- January 15, 2024: State Plan submitted for Governor's Review and posted for 30-day Public Comment Period
- January 15 - February 15, 2024: Staff review public comments and feedback from Governor's Office when available
- March 6: GWDB Meeting to Approve State Plan
- March 15, 2024: WIOA 2024-2027 State Plan submitted to US DOL.

Proposed 2024-2027 WIOA State Plan Goal #1

Increase interagency and local area coordination and alignment around shared goals, maximizing efficiency and coordination of workforce funding and programs and improving system integration, and creating a “no wrong door” approach for individuals or employers engaging in the workforce system.

Proposed 2024-2027 WIOA State Plan Goal #2

Build employer-led industry-sector partnerships across the state to create or expand responsive and equitable workforce development programs and career pathways with embedded work-based learning or on-the-job training, including Registered Apprenticeships, focused on closing gaps in participation and representation based on race, ethnicity, disability, gender, veteran status, and age.

Proposed 2024-2027 WIOA State Plan Goal #3

Create a more inclusive, equitable, accessible, and proactive workforce system to serve all Minnesotans, preparing employers and the current and emerging workforce for the changing nature of work including new and emerging technology, changing labor market demands, and for the state's shifting demographics, including our new Minnesotans.

Transitions to Postsecondary

Purpose of the Ability-to-Benefit (AtB) State Plan Pilot

- Provide more pathways into college for adults with no high school diploma/GED, who are disproportionately low-income and people of color
- Support Equity 2030 and the State Legislature's attainment goal
- Reduce barriers between secondary and post-secondary pathways by supporting strong collaboration between colleges and Adult Basic Education programs.

Introduction to Ability-to-Benefit Webinar

Have you heard of the “Ability to Benefit” program, but you’re not quite sure what it is?

Ability to Benefit is a federal financial aid rule that allows students without a high school diploma (or an equivalent like a GED diploma or home school diploma) to qualify for financial aid, if they prove they have the “ability to benefit” from a college education.
