

Advocating for ABE across all of Minnesota

WHAT DID WE ACHIEVE IN 2023?

An increase to state total Adult Basic Education (ABE) aid of \$2.8M in FY24-25 and \$4.1M in FY26-27 (~ 2%).

An increase in the contact hour cap from \$22.00/hour to \$30.00/hour.
• *Especially important because, thanks to the high contact hour rate and low number of statewide hours, 18 out of 38 consortia benefitted from the change.*

One-time funding to pay for HSE testing.

WHAT IS OUR GOAL?

To develop, improve, and expand adult education. This means continuing to advocate for funding, collaborate across the state around professional development, and elevate the voices of people in the field.
