

Literacy Action Network

Advocate for Adult Education

3 Steps for July - January

Adult Education relies on our state legislators for support. Making sure your representatives know about your programs and learners is key to our continued success.

Contact your representatives 3 times!

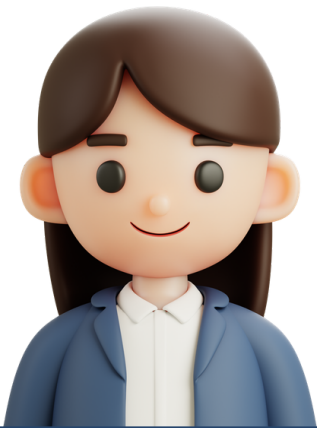

- **Contact 1:** Introduce yourself and share why Adult Ed is important. Invite your representatives to your site or to get coffee offsite.
 - **Deadline:** before Sept 30
- **Contact 2:** Congratulate your representatives on their election and express how much you look forward to working with them to promote Adult Education
 - **Deadline:** end of November after the election
- **Contact 3:** Remind your representative about the importance of Adult Education as they head into session
 - **Deadline:** January 10th

*Connect with LAN's Legislative Committee Chairs
for help or to share your efforts!*
